HOBBIES

- ✏️ Reading
- 📋 Drawing and Painting
- 🎸 Practice Guitar

SUMMARY

With five years of experience in Education sector, currently shifting my focus towards growth in IT sector. Looking to start the career as an entry-level software engineer with a reputed firm driven by technology. I believe that with the training recieved for last few months on front end technologies, I have developed my skills strong in design and integration with intuitive problem-solving skills along with the ability to translate business requirements into technical solutions. Passionate about implementing and launching new projects.
